WELCOME TO 8th STOPTRIK IFF

If it is autumn, then we are meeting on StopTrik, Slovenian/Polish festival of stop motion animation. Well, what's better to do at this time of the year than going to the "movies"?

A peculiar problem appears in many discussions about animated film. It's over 120 years after proto-animation experiments of Émile Reynaud or exhilarating trick frescoes of Georges Méliès, and still some observers feel the need to announce the discovery that animation is cinema. Yes, we fully agree with this statement, but it seems that this obvious declaration requires much more complex reflection. Splendid illusions of animation emerge from the most daring visions of talented artists whose hand-made work is conducted in a perfect solitude of the film studio, with greatest dedication that costs them physical pain, sleepless nights and huge amounts of time. Some would insist that animation is related to the fine arts. But it is not a humble kin of visual arts. This mistake happens too frequently: the importance of editing and cinematography is neglected, the narrative drives that construct drama-turgy and reception are narrowed down to fairy-tale/abstraction dichotomy, and the whole heritage of interrelations between animation and live-action cinema evaporates from discussions. The animators are filmmakers in their own rights, operating with tools of creation, analysis and interpretation born from the dream to record the reality, capture its essence only to recreate it in the most unbelievable manner. So what kind of "cinema" is this? Animation has a power to reshape what we think about realism and surrealism alike. In the very beginning, at the end of 19th century when the summon of – back then flammable – silver screen has been heard almost only by the workers, immigrants, domestic helps

and curious creatures of the night who mingled around fairs in pursuit for thrill of unknown pleasures, animation and live-action have been both considered a trick. Deceptive nature of this medium has been exploited by the ideologists and capital owners, but here's another trick: the same quality stirs counter-culture drives, exposes and ridicules attempts of neutralizing free expression, open criticism and individual desires.

On 8th StopTrik IFF we invite you to think about animation in cinematic terms, and to realize that our annual gatherings dedicated to stop motion forms of animation art, tell some important facts about everyone here: we are all cinephiles, you're "one of us". You have passion and love for moving images. The films are here for you so decide about StopTrik Awards in **International Stop Motion Competition** and **The Borderlands Competition**. Cherish your cinephilic attitude and join retrospective **Celluloid Soul** curated by StopTrik Programme Director in collaboration with Sébastien Sperer from Annecy Festival in France where the heart of animation beats since the 1960s. Embrace it on **Sunday Matinee** or **Midnight Movies of Bruno Collet**. Raise your children accordingly to cinema-love principle and let them come to the **Children's Section** screenings held at the **Puppet Theater in Maribor**, while we will see to presenting great quality films coming from our partner and friends festivals – **Annecy**, **Animocje** (PL) and **Fest Anča** (SK) – in various high schools in the city. Challenge your perception with Polish experimental shorts, and do not miss first ever screenings in Slovenia of an animated cinema d'auteur masterpiece **This Magnificent Cake!** and documentary film **Occupied Cinema**. Yes, on the festival we, the viewers, can claim our right to the cinema space. As presented at the exhibition "Maribor and Cinema", this city has unique traditions of urban film culture, and yet, only 6 years after the experience of holding the title of European Capital of Culture it

lacks an art-house theatre meant to host international film festival programme, its audiences, talks and atmosphere. We hope to provide the platform to constructively think and talk about it, and we invite you to present your opinions and join our efforts that count only under the condition that you want the same.

You don't need to limit your participation to perception. Take action, go and create pixilation adventures on the workshop led by **Osbert Parker**. Be critical and don't hesitate to express your views on festival journalism workshop led by **Vassilis Kroustallis**. By the end of the Festival time in Maribor get ready for another **StopTrik edition in Lodz**.

4-days rich Festival programme counts 35 film selections, special events and performances, discussions and concerts – each of them planned carefully in hopes to bring out emotions and thoughts that will stay with you for a long time. And so whether you will be leaving from the venues of **Salon of Applied Arts, GT22, Puppet Theatre** or **Kino Bodo** in Lodz, you could repeat after Roland Barthes that you enjoy this moment of awakening from the cinematic hypnosis, that it is valuable, incomparable with anything else, and that you will come back for more.

We are grateful for support and trust of Co-organizers, Co-financiers, Sponsors, Media and other film culture Partners and Friends. It is astonishing and uplifting that so many Institutions and Individuals care for development of animation film culture.

It is time to switch off the mobiles, seat comfortably, adjust to the darkness and start the cinematic journey.

DOBRODOŠLI NA 8. MFF STOPTRIK

Če je jesen, se bomo srečali na StopTriku, Slovenskem/Poljskem festivalu stop animacije. Navsezadnje, kaj je bolje početi v tem času leta, kot iti v kino?

V številnih razpravah o animiranem filmu se pojavlja posebna težava. Že več kot 120 let je minilo od praanimacijskih eksperimentov Émila Reynauda ali razvedrilnih trik fresk Georges-a Méliësa, nekateri opozovalci pa še vedno čutijo potrebo po naznanjanju razkritja, da je animacija film. Da, povsem se strinjamо s to trditvijo, toda dozdeva se, da ta očitna izjava zahteva veliko kompleksnejši razmislek. Sijajne iluzije animacije se porajajo iz najdrznejših vizij nadarjenih umetnikov, ki svoje ročno izdelane stvarite upravljajo v popolni samoti filmskega studia, z največjo predanostjo, ki od njih terja fizično bolečino, neprespane noči in ogromno časa. Nekateri bi nemara vztrajali pri trditvi, da je animacija v sorodu z umetnostjo. Vendar pa ni zgolj skromna sestrična vizualnih umetnosti. Ta napaka se vse prepogosto zgodi: pomen montaže in kinematografije se zanemari, pripoved pripelje do tega, da sta konstrukt dramaturgije in recepcije skrčena na pravljično/abstraktno dihotomijo, vsa dediščina medsebojnega odnosa med animacijo in igranim filmom pa izpuhti iz razprave. Animatorji so filmski ustvarjalci v lastni režiji. Orodja, ki jih uporabljajo, so ustvarjanje, analiziranje in interpretiranje, ta pa se rojevajo iz sanj o snemanju resničnosti in ujetju njenega bistva z namenom, da se jo poustvari na najbolj neverjeten možen način. Kakšen "film" je torej to? Animacija ima moč, da preoblikuje naše misli o realnem in nadrealnem. Na samem začetku, proti koncu 19. stoletja, ko so pozive s (takrat še gorljivih) filmskih platen poslušali skoraj izključno delavci, migranti, hišni pomočniki in radovedna bitja noči, ki so se združevala okrog razstav v iskanju vznemirjenja nad neznanimi užitki, sta animacija in igrani film veljali za trik.

Varljivo naravo tega medija so izrabljali ideologi in kapitalisti, vendar tukaj obstaja še en trik: ta ista kvaliteta varljivosti spodbuja zagon kontrakulture, razgalja in zasmehuje poskuse zatiranja slobode izražanja, odprte kritike ter posameznikovih želja.

Na 8. MFF StopTrik vas vabimo, da razmislite o animaciji v okviru kinematografije, ter o spoznanju, da naše vsakoletno srečanje, posvečeno različnim oblikam umetnosti stop animacije, izraža nekaj pomembnega o vseh prisotnih: vsi smo cinefili, vi ste "eni izmed nas", delimo si navdušenje in ljubezen do gibljivih slik. Filmi so tukaj za vas, zato soodločajte o podelitvi StopTrik nagrad za **Mednarodno tekmovanje v stop animaciji** ter **Tekmovanje Borderlands**. Negujte svoje cinefilne navade in se udeležite retrospektive **Celuloidna duša** pod kuratorstvom programskega direktorja festivala StopTrik v sodelovanju s Sébastienom Spererjem iz Festivala Annecy v Franciji, kjer srce animacije utripa že vse od 60ih let prejšnjega stoletja. Prepustite se **Nedeljski matineji** ali **Polnočnim filmom Bruna Colleta**. Svoje otroke vzgajajte v skladu z načeli ljubezni do kina in jih pripeljite na projekcije Otroške sekcije v Lutkovno gledališče Maribor, medtem pa bomo v različnih srednjih šolah po Mariboru poskrbeli za predstavitev visoko kakovostnih filmov naših partnerskih in prijateljskih festivalov – **Annecy**, **Anmocje (POL)** in **Fest Anča (SVK)**. Izzovite svojo percepциjo s poljskimi eksperimentalnimi kratkimi filmi in ne zamudite slovenske premiere mojstrovine avtorskega animiranega filma **Ta veličastna pogacha!** ter dokumentarnega filma **Okupirani kino**. Da, na festivalu lahko mi, gledalci, zahtevamo pravico do filmskega prostora. Kot bo prikazano na razstavi Maribor in kino, ima to mesto edinstveno tradicijo urbane filmske kulture, pa vendar le 6 let po prejemu naslova evropska prestolnica kulture, Maribor nima lastnega art kinematografa, ki bi gostil program mednarodnega filmskega festivala, njegovo publiko, festivalske diskusije ter atmosfero celotnega

dogajanja. Upamo, da bomo priskrbeli platformo za konstruktiven razmislek in pogovor o tej tematiki, ter vas vabimo, da predstavite svoja mnenja in se nam pridružite v naših prizadevanjih, ki štejejo le pod pogojem, da si tega tudi vi želite.

Svoje udeležbe ni potrebno omejevati le na zaznavanje. Bodite dejavní, pojrite in soustvarjajte pikselijsko avanturo na delavnici pod vodstvom **Osberta Parkerja**. Bodite kritični in ne oklevajte izraziti svojih stališč na delavnici festivalskega novinarstva, ki jo bo vodil **Vassilis Kroustallis**. Do izteka festivala v Mariboru se pripravite za še eno edicijo **StopTrika v Lodzu**.

Bogat štiridnevni program obsega 35 filmskih izborov, posebne dogodke in prireditve, razprave in koncerte – vsak od njih je skrbno načrtovan z namenom, da v vas prebudi občutja in razmišljanja, ki vas bodo še dolgo spremljala. Ne glede na to, ali boste zapuščali prizorišče v **Salonu uporabnih umetnosti, GT22, Lutkovnem gledališču** ali **Kinu Bodo** v Lodzu, boste lahko ponovili besede Rolanda Barthesa, da ste uživali ta trenutek prebujenja iz kinematografske hipnoze, ki je dragocena, neprimerljiva s čimer koli drugim in da se boste k njej ponovno vrnili.

Za podporo in zaupanje se zahvaljujemo soorganizatorjem, sofinancerjem, sponzorjem, medijem ter drugim partnerjem in prijateljem filmske kulture. Osupljivo in razveseljivo je, da si toliko ustanov in posameznikov prizadeva za razvoj animacijske filmske kulture.

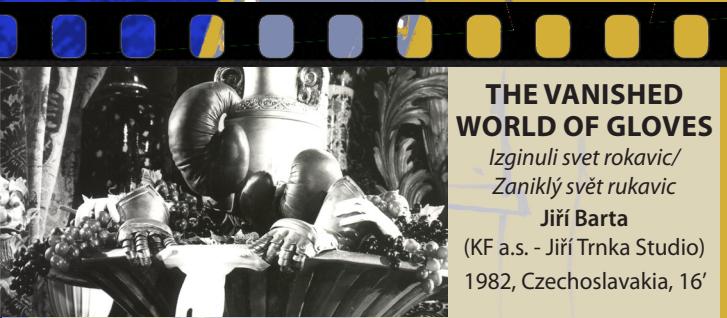

Čas je, da izključite mobilnike, se udobno namestite, privadite temi in se podate na kinematografsko potovanje.

THE VANISHED WORLD OF GLOVES

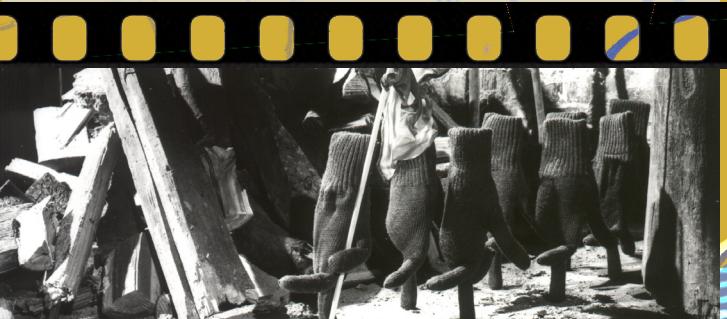

Izginuli svet rokavic/
Zaniklý svět rukavic

Jiří Barta

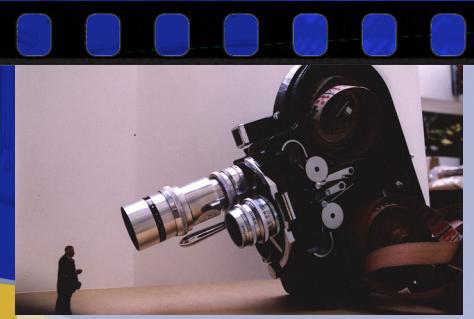

(KF a.s. - Jiří Trnka Studio)

1982, Czechoslovakia, 16'

Film consists of six animated miniatures sharing common motive of a glove. Jiří Barta deconstructs different ways of cinematic expression – from slapstick comedy, through melodrama, totalitarian propaganda, references to work of European classics such as Luis Buñuel or Federico Fellini, finishing with the vision of Armageddon which reminds of John Carpenter's *Escape from New York*. The film has been awarded a number of world prizes.

Film je sestavljen iz šestih animiranih miniatur, v katerih se pojavlja motiv rokavice. Jiří Barta razstavi različne načine kinematografskega izražanja – od slapstick komedije, do melodrame, totalitaristične propagande, navezovanja na evropske klasične, kot sta Luis Buñuel ali Federico Fellini, do zaključka z vizijo apokalipse, ki spominja na Pobeg iz New Yorka Johna Carpenterja. Film je prejel številne svetovne nagrade.

FILM NOIR

Osbert Parker
(Osbert Parker,
Fiona Pitkin)

2006, UK, 3"

Born out of post-WW II trauma and disillusionment, film noir poignantly exposed myths and inner tensions of the victorious American masculine culture. In Osbert Parker's BAFTA and Cannes nominated short, varieties of characters cut out from film stills traverse through urban maze-like landscape and interact with manipulated objects, all of this in attempt to understand what happened to a blond beauty whose celluloid body is lying covered in a plastic bag while the snails are swarming all around.

Rojen iz travme in razočaranja obdobja po drugi svetovni vojni, je film noir bridko razkril mite ter notranje napetosti zmagovite ameriške maskilistične kulture. V Parkerjevem kratkem filmu, nominiranem za nagrado BAFTA in festivala v Cannesu, raznovrstni liki, izrezani iz filmskih posnetkov, potujejo po urbani, labirintu podobni pokrajini, in sodelujejo z manipuliranimi predmeti v poskušu ugotovitve, kaj se je zgodilo s svetlosasto lepotico, katere celuloidno telo leži v plastični vreči, okrog nje pa mrgolijo polži.

Glavni lik v svojih mislih ustvarja "pisano" zgodbo o svojem zlomu. Kot v sliki Petra Bruegela, je tako Dedal kot Ikar, ter hkrati kmet, ki si zatiska oči pred nesrečo.

Using a subjective camera, this atmospheric film portrays a journey of the main character and his guide, the red fox, through surreal rooms symbolizing his life.

A film of stone and light – just stone and light. 'Elegy' is a form of poetry natural to the reflective mind. Sorrow and love became the principal themes of the elegy. Elegy presents everything as lost and gone or absent and future.'(Samuel Taylor Coleridge).

There was a point when I thought that this film's whole value boiled down to the fact that it combined animation and feature, which was a novel approach 5 decades ago. Now perhaps the meaning hasn't become completely dated but the market has taken over the role of the censors (D.S.)

Na neki točki sem mislil, da je vsa vrednost tega filma izparela na dejstvo, da gre za kombinacijo animacije in celovečerca, kar je veljalo za izvire prisot pred kakšnimi petdesetimi leti. Sedaj pomen morda ni postal povsem zastrelj, je pa trg prevzel vlogo cenzorja (D.S.).

Documentary film that not only follows breakthroughs of Joop Geesink's artistic and commercial path, but also seeks to find out how it was possible for the businessman to start his own enterprise and why the astonishing „Dollywood“ eventually fell.

Dokumentarni film, ki sledi prebojem Joopa Geesinka na njegovi umetniški in poslovni poti, in raziskuje, kako mu je uspelo zagotoviti lastno podjetje ter zakaj je osupljivi "Dollywood" naposled propadel.

Over fifty years ago, the Netherlands had a professional film studio specialising in puppet animation: the Geesink Studio. From 1940s to 1970s, this company was run by producer Joop Geesink and conceived hundreds of puppet films under the name Dollywood.

Pred več kot petdesetimi leti je na Nizozemskem obstajal profesionalni filmski studio, ki se je specializiral za animacijo: Studio Geesink. Od 40-ih do 70-ih ga je vodil producent Joop Geesink in studio z nazivom „Dollywood“ je ustvaril več sto filmov z lutkami.

Archaeology of Animation: Trick Cinema and Live-Music

Early filmmakers and audiences were immersed in movement, subjected to illusion and dazzled by the nightlife. Frame by frame photography was tricking everyone and provoking fascination, laughter or fear. Compositing the frame was based on playfulness of shapes, choreography and colors made on reels and each screening seemed unique for it was enriched with live-music. In 1918 the world changed and from today's perspective the earliest experiments are considered innocent and naive. But let's go back to the cinema that is older than one century, and let's see for ourselves how gladly it spoke about urban maze, drunks, perversion and above all – the cinema apparatus itself.

The live-music accompanying the screening will be performed by **Artur Maćkowiak**. He is a musician, performer and an improviser who plays solo and in Innercity Ensemble as well as in many other different ephemeral music projects. Maćkowiak is a co-creator and the guitarist of bands: Something Like Elvis and Potty Umbrella. His interests are focused on guitar music with a huge dose of experiment, electronics, ambient, improvisation but with a characteristic note of Slavic melody and sensibility.

Project realised with financial support of the city of Bydgoszcz.

Arheologija animacije: Trik kino in glasba v živo

Filmski ustvarjalci in publika zgodnjega filmskega obdobja so bili zatopljeni v gibanje, podvrženi iluziji in omamljeni od nočnega življenja. S sličico za sličico je fotografija ukanila vsakogar ter sprožala očaranost, smeh ali strah. Sestavljanje sličice je temeljilo na igrivosti oblik, koreografiji in barvanju traku, vsaka projekcija pa je bila unikatna, saj jo je spremljala glasba v živo. Leta 1918 se je svet spremenil in iz današnje perspektive se najzgodnejši filmski eksperimenti zdijo nedolžni ter navidni. Toda vrnimo se nazaj h kinu stoletje nazaj in si oglejmo, kako veselo je spregovoril o urbanem labirintu, pijancih, pverzijah ter zlasti o kinu samem.

Projekcije bo spremljala glasba v živo, izvajal pa jo bo **Artur Maćkowiak**. Je glasbenik, izvajalec in improvizator, igra solo in v skupini Innercity Ensemble, pa tudi v številnih drugih kratkotrajnih glasbenih projektih. Maćkowiak je soustvarjalec in kitarist skupin Something Like Elvis in Potty Umbrella. Svoja glasbena zanimanja je usmeril v kitarsko glasbo z zajetno dozo eksperimentiranja, elektronike, ambientala, improvizacije, vedno z značilnim prizvokom slovenske melodike in senzibilnosti.

Projekt je finančno podprlo mesto Bidgošč (Bydgoszcz).

ZAMIŠLJATI SI AVTORJA: OSBERT PARKER

Salon uporabnih umetnosti, petek, 05.10.2018, 15:00

Osbert Parker je mentor delavnice stop animacije na 8. MFF StopTrik. Avtorja boste imeli priložnost spoznati na poglobljenem Q&A srečanju, združenem z edinstvenim strokovnim predavanjem, na katerem bo podrobno predstavil svoja avtorska in komercialna dela. Prav tako bo prikazal različne vire inspiracije ter reflektiral o naknadnih stopnjah razvoja projekta, upoštevajoč predvsem dejavnike umetniške svobode temelječe na podrobnem poznавanju filmskega jezika ter ljubezni do filmskih klasik.

Osbert Parker velja za enega najbolj intrigantnih zahodnoevropskih ustvarjalcev umetniške animacije, obarvane z intermedijskim pristopom. Njegov ikoničen "FILM NOIR" je bil leta 2006 nominiran za najboljši kratki animirani film Britanske akademije filmske in televizijske umetnosti (BAFTA), nominiran pa je bil tudi za zlato palmo Filmskega festivala v Cannesu. "TVOJA ZA VEDNO" je prejel nagrado za najboljši kratki animirani film na podelitvi britanskih nagrad za animacijo in je bil leta 2008 nominiran tudi za BAFTA ter izbran za festival Sundance. To je le nekaj primerov piznanj in zanimanja, ki ga je Parkerjev značilen avtorski pridih požel na mednarodnih festivalih ter v strokovnih organizacijah. Sodeloval je s Quentinom Tarantinom, ustvaril je reklame za velekorporacije, kot so Coca-Cola, Nike, BBC in MTV, medtem pa je ostal angažiran umetnik, ki svoje znanje in zanos deli kot predavatelj na Narodni filmski in televizijski šoli (NFTS) ter na londonski Univerzi Middlesex in kot mentor stop animacije na različnih festivalskih delavnicah.

Obravnavano vizualno in avdiovizualno gradivo vključuje: OBLAČILA (1988)// animirane reklame (Nike/Coca-Cola/Budweiser/Gatorade etc.)// FILM NOIR (2007)// TVOJA ZA VEDNO aka ZALJUBLJENA DO UŠES (2008)// ODPADNIKI (2012) – TV// POGUMNI – (2018)// Povsem novo delo v nastajanju ...

OSBERT PARKER: ADVENTURES IN PIXILATION COLLABORATION WORKSHOP, OR WHEN WORLDS COLLIDE - STYLE AND TECHNIQUE AS PART OF STORYTELLING

From Osbert Parker's statement:

Create a one-minute film that tells an intriguing and compelling story inspired by the collision of three totally unconnected images. Be bold, inventive and playful with techniques you've not used before, but most of all – have fun and you'll learn new techniques and transferable skills, which you can use beyond the workshop and in your practice.

During the four festival days, the Participants of workshop led by Osbert Parker, an exquisite artist, outstanding pedagogue, and a filmmaker acknowledged by numerous festivals and expert organizations (among them

BAFTA), will have an opportunity to experiment with various animation techniques (above all pixilation). Groups of animation enthusiasts will create original short stories inspired by personal recollections, memories and souvenirs. 1-minute films will be presented during the Festival Closing on October 7th.

OSBERT PARKER: AVANTURE V PIKSILACIJI - DELAVNICA SODELOVANJA, ALI KO TRČIJO SVETOVI - SLOG IN TEHNIKA KOT DEL PRIPOVEDOVANJA ZGODB

Izjava Osberta Parkerja:

Ustvarite enominutni film z zanimivo in privlačno zgodbo, ki jo je navdihnil trk treh popolnoma nepovezanih podob. Bodite drzni, domislni in igrivi s tehnikami, ki jih še niste uporabljali, predvsem pa – zabavajte se in se naučite novih tehnik ter spretnosti, kijih boste lahko prenesli v svoje delo tudi po koncu delavnice.

Med štiridnevnim festivalom bodo udeleženci delavnice, ki jo bo vodil Osbert Parker, izvrsten umetnik, izjemni pedagog, ter filmski ustvarjalec priznan s strani številnih festivalov ter strokovnih organizacij (med njimi je tudi BAFTA), imeli priložnost eksperimentirati z različnimi tehnikami animacije (zlasti s pikselacijo). Skupine navdušencev nad animacijo bodo ustvarjale izvirne kratke zgodbe po navdihu osebnih spominjanj, spominov ter spominkov. 1-minutni filmi bodo predstavljeni med zaključkom festivala 7. oktobra.

TRIK SHOW

Salon of Applied Arts/ Salon uporabnih umetnosti

Saturday/ Sobota, 06. 10. 2018, 11:00

Welcome to the traditional StopTrik discussion where filmmakers attending the Festival discuss their techniques, practical and intellectual approaches towards the medium, and the biggest challenges or obstacles they have met during the creative process. The discussion is illustrated with film excerpts and the authors' making-of or showreels, any material that could vividly exemplify discussed problems. More than Q&A, almost a collective Master Class – "Trik Show" is meant to build an understanding between the artists and the admirers of their works who are familiar with the practical aspects of animation filmmaking.

Dobrodošli na tradicionalni StopTrik razpravi, kjer bodo filmski ustvarjalci, ki bodo gostje letošnjega festivala, razpravljali o svojih tehnikah, praktičnih in intelektualnih pristopih k mediju, ter največjih izzivih ali ovirah, na katere so med ustvarjalnim procesom naleteli. Debata bo ponazorjena s filmskimi izseki in making-of ali predstavitev enim posnetki avtorjev, ter z ostalimi gradivi za čim bolj nazoren prikaz obravnavanih problemov. Več kot le Q&A, že skoraj kolektivno strokovno predavanje – "Trik Show" je namenjen vzpostaviti razumevanja med umetniki in občudovalci njihovih del, ki so seznanjeni s praktičnimi vidiki filmskega ustvarjanja animacije.

ANIMATION JOURNALISM WORKSHOP: THE REDECAP-T FACTOR DELAVNICA ANIMACIJSKEGA NOVINARSTVA: FAKTOR ROKAP-P

04.-07. 10. 2018

Animation journalism deserves more than social media likes and comments, anecdotal stories or carefully edited business press releases. The REDECAP-T factor is here to help – in credits order, REsearch, DEScribe, Contextualize, Analyze, Present – in Time.

PANEL ABOUT CITY CINEMA AND DEVELOPMENT OF FILM CULTURE POSVET O MESTNEM KINU IN RAZVOJU FILMSKE KULTURE

Salon of Applied Arts/ Salon uporabnih umetnosti
Thursday/ četrtek, 04.10.2018, 10:30

We hope to hear your opinions about the methods and models of development of urban cinema culture from which the city and its citizens can benefit. Let's take Maribor and its particular cinema situation as a case study. We realize the actions are needed but we also know that without wide debate and a willingness for constructive compromise none action will be taken.

Among the Speakers:

Žiga Brdnik ("Ekran", DRFK, Maribor, Slovenia)

Senka Domanović (film director, Serbia)

Vassilis Kroustallis ("Zippy Frames", Greece/Estonia)

Bojan Labovič (The City of Maribor, Slovenia)

Igor Prassel (Animateka/Kinoteka, Ljubljana, Slovenia)

Želeli bi, da z nami delite svoja mnenja o metodah in modelih razvoja mestne kinematografske kulture, ki lahko koristijo mestu in njegovim prebivalcem. Vzemimo Maribor in njegovo posebno kinematografsko situacijo kot študijo primera. Zavedamo se, da so potrebni določeni ukrepi, obenem pa se zavedamo tudi dejstva, da se brez široke razprave in pripravljenosti na konstruktiven kompromis, stanje ne bo spremenilo.

Med govorci:

Žiga Brdnik ("Ekran", DRFK, Maribor, Slovenia)

Senka Domanović (filmska režiserka, Srbija)

Vassilis Kroustallis ("Zippy Frames", Grčija/Estonija)

Bojan Labovič (Mestna občina Maribor, Slovenija)

Igor Prassel (Animateka/Kinoteka, Ljubljana, Slovenija)

"CINEMA AND MARIBOR" EXHIBITION RAZSTAVA "KINO IN MARIBOR"

Curator/ Kurator: Simon Žlahtič

04.-07. 10. 2018, 14:00

Gallery K18/ Galerija K18

Signs of now closed city cinemas evoke a feeling of nostalgia in many. But it is not just about the nostalgia – one could say that the city marched together with the invention of motion pictures. The exhibition is dedicated to the history of cinema as well as the culture related to it – from its earliest beginnings to first new, purpose-built facilities – cinema halls. Cinema and Maribor exhibition speaks of inclusion of cinematographic culture into the city, hereby posing the question, whether in all this multitude of events, a city cinema wouldn't have been needed again after all.

Marsikomu vzbujajo napisи zaprtih kinodvoran v mestu nostalgijo, ki pa ni zgolj to. Lahko bi rekli, da je mesto sočasno vstopilo v korak z izumom

gibljivih slik. Razstava tako govorí o zgodovini kina, kot z njim povezani kulti. Od začetkov, do prvih namenskih novogradnj – kinematografskih dvoran. Razstava Kino in Maribor nam tako govorí o vpetosti kinematografske kulture v mesto, ob tem pa se kar samo ponuja vprašanje, ali ob vsej množici dogodkov ne bi ponovno potrebovali mestnega kina.

SAFARI: LIFE OF MOVIE THEATRES SAFARI: KAKO ŽIVIJO KINODVORANE

Sunday/ nedelja, 07.10.2018, 10:00

Cinematography has a long and interesting history in Maribor. From the beginning of travelling film exhibitions at the end of the 19th century to regular screenings at the beginning of the 20th century and construction of first purpose-built movie theatres in the period between the two world wars. After year 2000, movie theatres were mostly shut down and today they serve different purposes. We will walk through the city and visit several venues, some of which still carry a mark of their former purpose while others completely changed their image and function.

Mariborska kinematografija ima dolgo in zanimivo zgodovino. Od začetkov potujočih projekcij konec 19. st. do rednih predstav v začetku 20. stoletja in gradnje prvih namenskih dvoran v obdobju med obema vojnoma. Po letu 2000 so po večini zaprla svoja vrata, sedaj pa služijo različnim namenom. Sprehodili se bomo skozi mesto in obiskali nekatera prizorišča, kjer so še vidne sledi preteklega delovanja, kot tudi tiste, ki so popolnoma spremenile podobo in nekdanjo funkcijo.

PUPPET THEATRE SPECTACLE: SOMEWHERE ELSE LUTKOVNA PREDSTAVA: NEKJE DRUGJE

Lutkovno gledališče Maribor/ Puppet Theatre Maribor
Friday/ petek, 05.10.2018, 20:30

Somewhere Else is a touching story about the absurdity of war and its horrors. How do the atrocities of war look like through children's eyes? It is only through this perspective that we can fully understand the absurdity of war. This topic is quite delicate and painful, therefore it often remains concealed. It is however quite necessary to discuss it, and especially in front of the youngest audience.

Nekje drugje je pretresljiva zgodba o nesmiselnosti vojnih grozodejstev. Kakšen je svet vojnih grozot, če ga gledamo skozi otroške oči? Šele v tej perspektivi lahko do konca dojamemo nesmiselnost vojne. Ker je takšna tema kočljiva in boleča, velikokrat ostane zamolčana. Vendar je o njej nujno spregovoriti prav najmlajšim.
